

2020 Impact Report

Thank you for partnering with us!

Despite the pandemic, you made 2020 a tremendous year!

We are humbled and honored by your faithfulness and the trust you place in us to be good stewards with your generous donations. You have brought so much joy to the children, women and communities we serve in India that it warms my heart.

In 2019, you helped secure our future by paying off the school loan which opened new doors to expand our vision. In 2020, we were able to construct the fourth story addition to the private school so that we could expand enrollment by adding grades 11 and 12. This was accomplished through private donors with no financing needed. And by the grace of God, a gracious donor gifted us money to purchase land to build a college so many of our talented students will be able to achieve their career goals! These opportunities happened because of you, which is the basis of our community of devoted supporters.

This promises to be another exciting year ahead. With our year end efforts, you helped kick start the new year by funding 15 new child sponsorships, 6 ARISE! classes, and 4 Community Transformation projects. Thank you for partnering with us as we continue to deliver hope through faith to vulnerable children, women and communities.

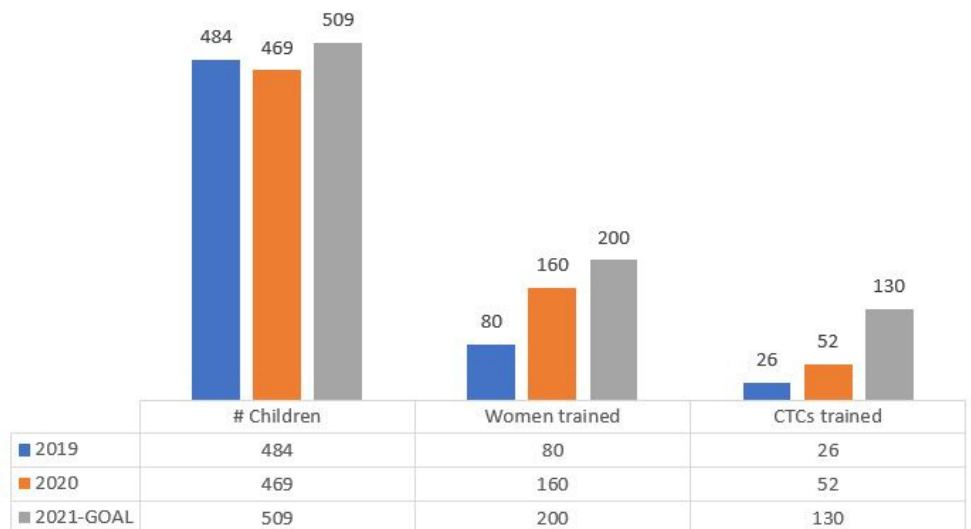

Because of you, we are celebrating 32 years of partnership. Together we have:

- reached over 10.5 million people
- trained 1,536 community leaders
- established 1,514 churches
- trained 1,779 women with job skills
- educated more than 10,000 children

Thank you for being a part of this spiritual journey and for creating a lasting legacy!

Ruth

Ruth Brodeen,
Executive Director

2020 Ministry Results

Transforming lives spiritually, socially and economically.

CHILDREN
